Mrs. Annie Singleton has been offered and accepted a position as matron at Madison Female Institute. She will enter upon her new duties in September.

John Estes and Miss Viola Sargent, both of this place, were married in Richmond, last Friday. The bride will be remembered as the pretty young Miss who has been selling tickets for Mr. Sargent's picture show.

### Variety of Lands.

The land sales made this week in the county proves the fact that any quality or priced land can be found in this county. It will be observed that we have lands ranging from one dollar an acre, in the knobs 17 miles from town, to \$115 per acre as you approach town.

### Court Day.

We were glad to see a larger crowd in town Monday than has been here for two courts. Business was some better and the farmers are in better spirits than on the two previous court days. Capt. Am Bourne reports the following prices on live stock: Age mules from \$100 to \$160; horses \$60 to \$125; sows and pigs \$17.50 to \$22.50, cattle from 34 to 4 cents.

### Indians.

The famous Cherokee Indians will play the Lancaster base ball team Monday afternoon at three o'clock and the same night at eight o'clock. This team of Indians carry with them their own electric lights and during the night game, there will be used 50 are lights making 50,000 candle power. Playing ball at night has just been inaugurated in the larger cities, and we are lucky to get an opportunity to see a game by night. It will be worth coming miles to see.

### Big Deal.

J. J. Walker, R. H. Batson and C. A. Arnold, trustees appointed by the court to receive, invest and control the bequest given to Lancaster Graded School, by the late Lewis Y. Leavelle, purchased 266 acres of land from Dr. W. M. Elliott for \$115 per acre and 178 acres from B. F. Hudson for \$110 per acre. These lands form a part of the Beazley place on the Lexington road and are richly worth the money. The income from this \$50,000 investment will be a great benefit to the school.

Miss Mary Lee Glyens, who lives near Hubble, was "at home" to a number of friends on Wednesday evening.

### Embroidery Club.

The Embroidery Club was entertained Wednesday afternoon by Misses Martha and Helen Gill. The members will have the pleasure of two meetings in one week, as Mrs. H. K. Herndon entertains them this, Friday, at her beautiful country home.

### Big Farm Sale.

Dunn & Adams, the wideawake real estate agents, Wednesday morning sold to Dr. W. M. Elliott the farm of Mr. James Martin in the Marcellus neighborhood, the consideration being \$20,000. The place contains 213 acres and is located beyond Boyle in Garrard county. This is one of the best sales that has recently been made in this locality.—Kentucky Advocate.

### Commissioners Sales.

Master Commissioner, J. Mort Rothwell, made the following sales of land Monday. Some of this land is in Rockcastle county, and the knob land which sold so cheap is near the county line. The first five are different sections of J. B. Carter's estate:

David Carter bought 149 acres for \$3,000; George Allen 386 acres for \$20,082; F. F. Robins, 48 acres for \$102.50; George Allen, 284 acres for \$34; Dave Carter, 144 acres for \$10; E. Whitehead, 75 acres for \$28. H. W. Cornellson, 204 acres for \$20.

The following are other Commissioner sales: The Wages farm of about 227 acres was sold to J. W. Elmore for \$15,007 and the J. C. Clouse farm of 88 acres was sold to W. H. Furr for \$1,000.

### No Place Like Home.

M. D. Hughes on his return from Washington made the following remark: "While I have written truthfully of the great North West and its wonderful resources, and while I had a royal time in company with the loved ones who reside there, I am nevertheless wedded to Kentucky's vine-clad hills, her fertile valleys, her lowing herds, her fine horses and her beautiful women. While the West exceeds us in the production of wheat, fruit, lumber interests and the advantage of foreign trade, we have a greater variety of crops and enjoy a substantial and constant growth in every thing that is desirable. It has been truly said that Kentucky is the garden spot of the world, and it is equally true that Lancaster and Garrard county constitute the most beautiful flower bed in that garden. When I went out with my partner, Swinebroad, in the buckboard, under the red umbrella, driving the old black mare, to sell a farm, I felt more comfortable than when crossing the continent in a pullman car."

### Veech—Robson.

Mr. Richard S. Veech and Mrs. Mattie B. Robson were united in marriage at 12 o'clock today at the home of the bride, 121 East Gray street, the Rev. T. S. Tinsley, pastor of the Third Christian church performing the ceremony.

Only close friends and relatives of the groom and bride were in attendance. Mr. and Mrs. Veech left immediately after the ceremony on a Pennsylvania train for New York City, where they will spend several days before returning to Louisville.

Mr. Veech is a well-known citizen of Louisville, being a director of the United States Trust Company and other financial institutions. Mrs. Veech is a daughter of Mrs. Osce Huffman. She moved to Louisville with her mother ten or twelve years ago from Lancaster, Ky., where her father, Mr. John Huffman, until his death, conducted the Lancaster Hotel. Mrs. Veech, on her mother's side, is related to the well known Elkin family of Garrard county.—Evening Post of Aug. 24th.

### Our Graded School.

The school board of the Lancaster Graded School at the last meeting decided to lengthen the school year from nine to ten months. This movement will put us in the front rank of Graded Schools. Our four years High School Course has the approval of the educational commission of the State of Kentucky. The addition of four weeks to the school year will enable us to give our pupils thorough preparation for college work and to further enrich the course of study.

School will open Monday September 6th. It is hoped that every one who expects to enroll with us will be present on the first day. The teachers of last year have all been retained except Miss Knapp West who declined to stand for re-election, and whose place will be filled by Miss Lillian Sanford of Owen county. The school building is being thoroughly cleaned preparatory to the opening. By this time next year we ought to have a new building. The health and comfort of the children demand it. Better equipment is necessary for the highest character of class room work. The good of the town—financial as well as moral—calls for a decided forward step. Let every man who has a care for the welfare of his town lend a hand in this movement for school improvement.
